

Position Description: Project Level Mechanical Engineer with 3-12 years of experience in the Building Design Industry

Location: Fort Wayne, Indiana
Full-time position

At Design Collaborative, our mission is to improve people's worlds—in everything we do. That includes not only our clients, but our employees. We want our employees to push boundaries, be creative thinkers, and challenge assumptions to better meet the needs of our clients and grow our portfolio. We believe our work makes a difference in our clients' lives, and we pride ourselves in our ability to collaborate and involve them in the process of design.

Key Responsibilities

- Responsible for design and drawing preparation related to the commercial and institutional building construction industry under the guidance of professional engineers
 - Areas of concentration include design of heating ventilation, air conditioning systems, and plumbing systems
- Capable of independent evaluation, selection and application of standard engineering techniques and procedures with assistance for unusual problems or unfamiliar systems
- Capable of using judgment when making minor adaptations and modifications
- Conduct on-site observations and document site reviews
- Key participant in client and project team meetings
- Experience in cost estimation preferred
- Comply with company policies

Qualifications

- BSME graduate in Mechanical Engineering or BSArchE, ABET Accredited Program with a minimum of 3-12 years of applicable experience in the Building Design Industry
- Registered or pursuing an Engineer in Training (EIT) professional registration a plus
- Extensive experience with Revit and/or Trane Trace a plus
- Ability to meet deadlines and prioritize multiple projects
- Self-motivated with the ability to manage multiple projects with little oversight

Other Skills Preferred

- Exercises sound time management and organizational skills
- Demonstrates strong written and verbal communication
- Ensures an attention to detail when handling projects
- Ability to prioritize time and multitask
